## *An Appeal for Development*

As you are aware, Indian Education Society is a Registered Charitable Trust dedicated to empowering Indian children with value based education since 1912. From our humble beginnings, the IES family, today, comprises of over 64 schools and 3 colleges in and around Mumbai. We serve students across all socio-economic strata and provide the best possible modern facilities for the all round development of the students. This, we believe is our humble contribution to nation building. The IES alumni, over decades, have occupied positions of power in the business and corporate world all around the world and contributed hugely towards the building of not only a modern and vibrant India but also Brand IES.

Our commitment towards providing a firm foundation for the future of our children makes us continuously strive towards higher benchmarks. Our inputs include a wide range of offerings from hard core academics to sports to cultural platforms to nurture the diverse talents of every child. All this while we have ensured affordability in terms of our fee structures so as to keep our doors wide open to every single family desiring quality education for their children.

**In this endeavour, the greatest challenge faced by us is the limited availability of funds.** In a task of such mammoth proportions, we appeal to you for financial help and urge you to join us in ensuring that quality education is available and accessible to future generations. For the current batches of students enrolled with us, we are providing improved facilities including modern science laboratories, computer centres and Computer based teaching in classrooms. We need your support to further improve on these facilities and provide state-of-art teaching to your children.

As you are aware, our schools are located in diverse geographies like Dombivli, Badlapur, Titwala, Vijaydurg and Alibaug. Ensuring modern facilities at all schools becomes a tall order. Faced with increasing demand and acute shortage of space, we are planning add new facilities at Badlapur, Titwala etc. We have also been regularly upgrading all our campuses including at Dadar, Bandra. We shall be redeveloping our campus at Vashi and we are also planning to add additional floor space at Bandra Reclamation

As part of the IES Vision 2030, our dream is to stretch the frontiers of education and bring out the best in every child. We aspire to mentor scientists like Homi Bhabha, intellectuals like Amartya Sen, sportsmen like Sachin Tendulkar and film makers like Dada Saheb Phalke. For this we need laboratories, libraries, sports facilities, cultural centres and the trust and support of parents who understand how critical education is for the future of every child.

**We, therefore appeal to you for your contribution to our Development / Corpus Fund. Come, be a part of our journey to help children realize their dreams. In their dreams lies our future.**

**All donations are eligible for Sec 80 G benefits**
