

## NOTICE

1. Our attention has been drawn to a news broadcast today on a TV Channel and a newspaper that the Education Department has served IES Orion with a notice for withdrawal of approval, allegedly due to non admission of candidates under the RTE Act.
2. This news item is false and baseless and we have not received any such notice from the Education Department.
3. IES Orion and all other educational institutions established, administered and managed by IES comply with all applicable rules and regulations and, in particular IES Orion has not refused admission to any student allotted to it by the Education Department under the seats reserved under the RTE Act.
4. This compliance with admissions under the RTE Act is irrespective of the fact that IES Orion has not received any reimbursement, as required under the RTE Act, from the Government of Maharashtra, till date.
5. Please do not give any credence to such false, baseless and motivated reports and feel free to communicate with the undersigned from your official email ids, in case you wish any further clarifications on this issue.

Principal  
IES Orion
