What can be more wonderful than International Yoga Day and World Music day occurring on the same date? It is true that both international days are meant for different purposes but considering the therapeutic effects of music and Yoga, celebrating Music day and Yoga Day on the same day is a wonderful coincidence. Music and Yoga both are such amazing gifts that any person on this planet can relish their effects. Nothing is more charming than doing Yoga along with some soothing music...

We at IES Kindergarten celebrated yoga day with great pride where the children of MINI, JR and SR KG participate in yoga asana organized by their teachers. Children enjoyed chanting "OM" Mantra & doing different Yoga poses.

This year along with yoga day we also celebrated, "World Music Day", children enjoyed listening to soft music while doing breathing exercises and later on children danced to the tune of some lovely music along with their teachers, thus enjoyed music and yoga washing out all the stress, anxiety and revitalizing for a better tomorrow.

## **Orientation:**

**30<sup>th</sup> June 2022**

Orientation day programme was conducted on **30th June '22**. It's an event that is usually organized once a year to ensure all-around student development and to guide parents on new school policies. The parents of all the students are invited and are given a walkthrough of all the school processes. This way parents can understand what their child goes through each day, to ensure the overall development of the child.

This year parents were introduced to NEP2020 and the new KG syllabus that is NEP compliant. The Headmistress guided parents on what the new syllabus is comprised of and the salient features of NEP2020. Later each class teacher conducted open house and guided parents on rules and regulation to adhere for smooth process of school. It was a two way interaction with parents and teachers.
