

HEALTH FOOD FIESTA:

Children were given an insight into healthy and junk food, and healthy eating habits through various activities in a fun filled way. To facilitate their learning they had science and sensorial activities. **JR.KG.** Children had potato peeling activity and prepared 'aloo chat'. **SR.KG.** students had an activity of shelling corn from their kernels and prepared corn bhel. Both the activities were done with lot of informative tete a tete and children relished the tasty preparation too!

KIDZ BAZAAR. Students of JR.KG. came dressed up as Vegetable vendors. A Market was set up and some students enacted as vegetable vendors while some as buyers. Teachers sang song & played games related to vegetables. It was a fun filled learning for the Students.

Pre School League: 1st round of Pre School League was conducted on Friday 27th September '13 during school hours by their representatives. Children participated in this contest with confidence and performed well.

Mani Bhavan Competition.

Orion students were encouraged and prepared to participate in the Mani Bhavan Story Competition. Two Students were selected for the final round on 26th September '14. Results will be declared in the month of November.

Grandparents Day: In recognition of the important role of grandparents in our families and communities Grandparents Day was celebrated on 19th September '14. Young kindergarteners showcased their talents in its full fervour to entertain their grandparents. A special colourful program the 'Prop Antakashari' was organised in the honour of all grandparents. They displayed their talent by dancing to the old songs, the entire event was totally entertaining and all the grandparents thanked for arranging such an event for them and making them a part of the IES ORION family.

Matunga Sahakari Bhandhar
On 22nd September '14 students of Sr.KG. visited the Matunga Sahakari Bhandhar to get a hands on experience of how vegetables and fruits are sold. This visit enhanced their learning as they saw not only selling of vegetables and fruits but also different food items and other household goods were sold all under one roof. They were fascinated to hold the trolley and wanted to shop all by themselves. Most of them shared their experience of their visit to the other supermarkets.

Navratri Celebration:

Navratri is a celebration dedicated to all the goddess and asking for their blessings in different aspects of a person's life. This festival is also celebrated at IES ORION with the same festive favour. The theme for this year was "COLOUR SPECTRUM", giving importance to each Colour & its presence in nature was projected with students art material in a beautiful way by their art teachers. This project was also helped by the KG section with drawings of fruits and vegetables, as it is a part of their EVS topic. Thus giving a holistic approach to the project.

**Workshop for Teachers on**

Activity based learning was conducted at the SNTD Campus at Church gate on the 16th and 17th September '14. This workshop was for educators who want to learn what the Internet can do for learning and how it can be successfully used in the classroom. The workshop also presented participants with Internet resources, evaluation criteria, and practical ideas on how to utilize the Internet in the classroom. In this workshop participant examined the importance of reaching learners by appealing to their multiple intelligences. Participants were taught how to read about the theory in detail and look at examples of classroom teaching strategies that will engage more than one intelligence. Through comparisons, tips, and discourse, participants learnt to develop and adapt teaching strategies that will help them reach the varied minds in their classrooms. This was truly a learning session as participants could interact with the leading personalities in

preschool education. Their views gave us an impetus to greater contribution in this field.
